

## Soccer Golf

**Emphasis:** Long and short range passing

**Set-up:** Randomly set up a golf course using cones to indicate the “tee box” and flags to indicate the holes. Use as many holes as you see fit, but make sure the distances between each of the holes varies. Each player uses their own ball.

### Objective:

Each player takes turns passing the ball towards the hole, and trying to make it strike the flagpole. A “putt” is considered in the hole if the ball strikes the flagpole. The winner is the player who takes the least amount of kicks, “strokes”, to get their ball in the hole. Keep track of the total amount of strokes.

### Progression:

1. Increase the length of the hole.
2. Incorporate chip shots and obstacles.
3. Increase the amount of holes.

### Coaching Points:

- Used as a fun team competitive game.
- Decide whether to use the inside of the foot or the laces.
